# WHAT IS IT?

Saboteurs is a real life game based on the online game Among Us.

Players step into the Arena and are assigned a role:  
Blue - Crewmates  
Red - Imposter

It is the Crewmates job to complete their tasks throughout the ship.  
It is the Imposters job to take out the crew one at a time without being caught.  
If a body is found a meeting is called and the crew vote to eject someone from the group, if they eject all the Imposters the round is over, if they eject a Crewmate the round continues. The Crew win if they finish their tasks or eject the Imposter/s.  
The Imposters win if they kill all the crew.

Party room hire is for 45mins exclusive use for you and your group.  
*We do not provide any catering, please BYO food, cutlery and plates.*

# FREQUENTLY ASK QUESTIONS

**HOW OLD DO YOU HAVE TO BE TO PLAY?** We recommend 8 years or older, this ensures the player understands the game concept, how to play and how to use the devices, while being mature enough to participate in discussions, accusing other players, defending themselves and being kill or ejected to the Ghost Room.

**DOES THERE HAVE TO BE AN ADULT PRESENT?** Any players under 15 must have a guardian present, the guardian does not have to play if they do not wish too. The staff will be facilitating the game while helping all players and are not responsible for any children on site.

**WHAT IF I HAVE A YOUNG CHILD THAT WANTS TO PLAY?** Any young children that would like to participate can buddy up with an adult and play along side them. Please note that it is dark and other players will be moving around swiftly, this means they is a chance the small child will not be seen by the other players, for their safety they must be holding onto an adult throughout the game.

**HOW MANY ROUNDS?** We aim for at least 3 rounds per session (7-9mins each). The amount of rounds each session depends on how quickly the Crew complete their tasks, identify the Imposter/s, or how quickly the Imposters kill the Crew.

**WHAT HAPPENS WHEN YOU'RE KILLED OR EJECTED?** You will wait in the Ghost Room until the round is over. There are cameras and live feeds for you to watch the game, this is a good opportunity to ask your Captain (Staff) for tips on how to play the game more strategically.

**EPILEPSY:** There are no "strobe lights", however there are lights that may or may not cause issues for players with epilepsy. Please contact OtherWorld HQ to clarify whether the lights will be an issue for the player.

**DO WE ACCEPT COMPANION CARDS?** Yes we do accept the companion card with a paid player. The entry has two steps in and out, however there is a staff door with direct access to the lift that will take you to Saboteurs. Please note the Saboteurs arena is similar to that of a laser tag arena, there are lights, smoke effects, sound and dark areas all throughout the space. Due to the equipment and the space it is not recommended for wheelchair access. Typically players become very enthusiastic during the game which causes them to become VERY loud, this may cause issues for players with Auditory Sensitivity.

**CAN WE LEAVE FOOD AND DRINKS IN A FRIDGE ON SITE?** Unfortunately we do not currently have fridge to store food and drinks. We can store anything that doesn't require refrigeration and we can provide bowls, plates and cutlery, if required. *Please not we are not a licensed venue, **alcoholic beverages are not permitted**. We suggest visiting our sister company **Padlock'd Escape Rooms & Bar** to enjoy a variety of delicious and great priced cocktails.*

**WHERE CAN WE PARK?** We do not have onsite parking, however we walking distance from, Paradise Centre, Bruce Bishop and Circle on Cavill car parks. Public transport recommended as we are directly across from Cavil Avenue Tram stop.

**ANY OTHER QUESTIONS?** Please email [admin@otherworldhq.com.au](mailto:admin@otherworldhq.com.au) if you have any other questions. We are always happy to accommodate our guests where possible.
